SAMER ALRAQAS, PMP, CISCP, CISCM

Project Management Consultant, Operations, PMO and Governance, Supply Chain and Logistics
Riyadh, Saudi Arabia, +966 56 683 6783, s.alraqas@outlook.sa, linkedin.com/in/samer-alraqas

PROFESSIONAL SUMMARY

Certified Project Management Consultant with 10 national and international projects and events across government programs, Vision 2030 initiatives and industrial development, currently managing a strategic portfolio for the Ministry of Industry and Mineral Resources under the national industry and mining strategies. Combines PMP discipline with supply chain expertise (CISCP, CISCM) and a background in financial management to turn strategic objectives into controlled, measurable delivery.

CORE COMPETENCIES

- **Project and Program Management:** Running the full lifecycle across government programs and multi-project portfolios, controlling scope, schedule and budget.
- **PMO and Governance:** KPI frameworks, risk registers, change control and compliance that keep delivery on plan.
- **Program and Initiative Design:** Turning strategic objectives into feasible programs, initiatives and operating models.
- **Supply Chain and Operations:** Procurement, vendors, logistics and large-scale national events, backed by CISCP and CISCM.
- **Stakeholders and Reporting:** Aligning ministries and partners, and giving leadership the reports they need to decide.

PROFESSIONAL EXPERIENCE

Project Management Consultant, Ocean X, Jun 2025 to Present

- Prepare RFI, RFP and RFQ responses and technical proposals across multiple bids, defining scope, methodology, workplans and deliverables.

Ministry of Industry and Mineral Resources, Vision 2030 Office (national scale)

- Manage a portfolio of four strategic initiatives across four deputyships (Human Capacity Development, Mining Development, Mining Operations Oversight and Mineral Resources Management) under the national industry and mining strategies, governing scope, schedule, budget and risk from planning through delivery.
- Led the exploratory assessments, feasibility research and concept development that shaped new strategic projects under one program umbrella, defining their operating models.
- Coordinate 5+ government and implementing entities, aligning initiatives with national programs and tracking budget deviations and SLAs to keep delivery on plan.
- Deliver periodic executive reports and decision support studies to senior leadership, and maintain project documentation and lessons learned.

Energy Hackathon 2026, Ministry of Energy with KAPSARC, Operations Manager (6,700+ registrants)

- Managed end to end operations and logistics for the first national Energy Hackathon, held alongside the 25th World Petroleum Congress, with 1,200+ teams, 560+ evaluated ideas and 6 challenges across 3 tracks, leading multidisciplinary teams on the ground.
- Coordinated senior stakeholders, mentors and judges, and oversaw the participant journey on the digital platform in line with governance standards.

Industrial Hackathon 2025, Saudi Industrial Development Fund (SIDF) (9,600+ registrants)

- Delivered on time and within budget, with registrations 50% above target, 960+ teams, a 60-team bootcamp and 12 winning teams across 4 tracks, sharing prizes of SAR 1.7M+.
- Directed end to end operations, logistics and digital platform development, leading a team of 5+ and coordinating 5+ public and private sponsors and partners.
- Managed participant, mentor and judge journeys on the digital platform, and led media content and storytelling, including success stories, website and social media.

Operations Specialist, Elm Company (project based), May 2023 to Feb 2024

Real Estate Wealth Digitization Project, Vision 2030 Office (national scale)

- Managed digital archiving operations covering hundreds of thousands of real estate deeds and instruments, within an operations team of 10+.
- Produced daily performance reports for PMO oversight, enforced quality standards and improved workflows.

Business Development Specialist, Zakat, Tax and Customs Authority (Tamheer Program), Jun 2021 to Nov 2021

- Provided logistics support, resolved shipment and operational issues, and contributed to operational goals and control mechanisms.

Operations and Customer Service Specialist, Arab National Bank, May 2018 to May 2020

- Resolved client account issues and helped the branch meet its KPIs; promoted to Supervisor (Feb to May 2020), leading the front-line team.

FREELANCE PROJECTS

Project Management Consultant and Consulting Team Lead, Engineering Hackathon 2026, Saudi Council of Engineers, Jul 2026 to Present

- Lead the program end to end, from setup through launch, with registrations exceeding target by 75%, overseeing operating plans, governance and risk management to keep outputs aligned with the Council's strategic objectives.
- Manage operations and logistics, including event delivery and direction of multidisciplinary teams across on-site and virtual activities.
- Build relationships with senior officials, executives and beneficiary entities across the public and private sectors, turning leadership direction into workable programs.
- Design the innovation framework and the screening and judging criteria, and manage the network of experts, mentors and judges.
- Oversee the user experience of the registration, application and evaluation platforms for a smooth participant journey.
- Restructured workflows, action plans, timelines and resources to meet the Council's governance standards.

Operations Manager (project based), Government Project (confidential), Fakhoor Program Hackathon, Sep 2024 to Nov 2024

- Directed daily operations, resource allocation and budget control, resolving operational issues and ensuring service compliance.

Operations Supervisor, Biban Forum, Monsha'at, 2023 and 2024

- Supervised the forum's consultants on site across every forum day, managing scheduling, resource allocation, access control and session delivery; recognized by Tawteen Alqudrat at Biban Riyadh 2024.

Operations Manager and VVIP Relations Coordinator, FIFA World Cup 2022, Qatar, 2022

- Handled VVIP guest operations, protocol, travel logistics and on-ground coordination in a high-pressure environment.

Additional engagements: Project Manager, Mediazone (current); Operations Specialist, Rowad AlUla Incubator (2025)
